Organization: Freedom Works

General Comment

The government does not have the power to tell its citizens how or when they can spend their money. This is a huge over reach of government power and it needs to be stopped. As a citizen of the United States, I will not stand to let President Obama try to control my hard earned money. I urge you to speak up and to stand up for all of the hard working people. Don't let the government expand its power like that.
